Assignment Grading and Certification Policy

Assignment Credits: Each assignment will be graded with credit points ranging from 0 to 5, based on the quality of the submission. The possible scores are:

$$\{0, 1, 2, 3, 4, 5\}.$$

Submission Deadlines: Students are allowed to skip live lectures and watch recordings later if needed. However, all assignments must be submitted by the specified deadlines. Late submissions will not be accepted or may be penalized as per the course policy.

Certificate Grading Scale: At the end of the program, certificates will be awarded based on the total credit points earned across all assignments. The grade classification is as follows:

	O (Outstanding)	if $\geq 90\%$
}	Excellent	$80\% \leq \text{score} < 90\%$
	Very Good Good Fair	$70\% \leq \text{score} < 80\%$
	Good	$60\% \leq \text{score} < 70\%$
	Fair	$50\% \leq \text{score} < 60\%$
	Passed	score < 50%

Assignment Platform: All assignments, submissions, and feedback will be managed through **GitHub Classroom**. Each student will receive private repositories where they will submit their weekly assignments and final projects.

Please ensure you have access to GitHub and are familiar with basic Git workflows, as this will be an integral part of the course.

If you have any questions regarding the grading or submission process, please reach out promptly.
